"AMANAHTABLE"

These food programs give healthy meals to people who need them. They work with:

- Cloud kitchens
- Food processing partners
- Local communities
- Trainers who teach nutritious cooking

They make sure food is shared with dignity and love.

Strategic Collaboration & Resource Sharing

- Bring together NGOs, ethical businesses, and changemakers to pool resources, logistics, and funding.
- This helps AmanahTable scale its food distribution efforts while maintaining dignity and Toyyiban values.

Ethical Branding & Visibility

- Co-brand with AmanahTable, increasing public awareness and trust.
- Their involvement attracts media coverage, donors, and community allies who want to support ethical food programs.

Access to Funding & Network

- AmanahTable gains access to pooled funding, corporate sponsors, and regional platforms.

Building Local Food Economies

- Support cloud kitchens, foodpreneurs, and halal-certified producers to create sustainable food systems.
- Help communities grow, cook, and distribute their own food—reducing dependency and boosting resilience.

M-BIZ Clusters

Helps ethical businesses grow in a smart way by offering:

- Shared tools and market access
- Strong support system
- Opportunities for collaboration
